SPECIALISTS IN HEAT SHRINK TUBING AND CABLE HARNESSING PRODUCTS

## PPS-NRW

### NOISE REDUCTION WRAP

PPS-NRW noise reduction braided wrap is a woven polyester monofilament and polyester multifilament. The special structure offers excellent noise reduction, and the side-entry design makes it easy to install, remove and re-use for wire harnesses or cables. It is of particular use where these harnesses are being installed in difficult to reach areas such as door panels or dashboards.

## TECHNICAL DATA

### NOISE REDUCTION WRAP

Material	Polyester Multifilament Polyester Monofilament
Monofilament Size	0.22mm or 0.25mm
Operating Temperature	-50°C to 150°C
Melt Point	240°C ±10°C
Cutting Tool	Hot Knife
Specifications	RoHS Halogen Free

## APPLICATIONS

- Wire harnesses and cable assemblies.
- Used to provide noise reduction in automotive and mass transit applications.
- Easy installation and re-use in door panels and dashboards.

## BENEFITS

- Provides excellent noise reduction.
- Tough durable protection.
- Side entry design aids installation and re-use.
- Flame retardant to VW-1.

Ordering Description	ID (D) (mm)	Overlap (%)	Maximum Bundle Diameter (mm)
